

## NECK WOUND DRESSING

01.

Raise the patient's arm opposite to the wound side above his head.

02.

Wrap the wrapping leader around the body and into the armpit opposite to the wound.

03.

Insert elastic bandage into pressure applicator. Tighten elastic bandage and pull back.

04.

Wrap elastic bandage tightly over pressure applicator. Secure hooking ends into elastic bandage. Lower raised arm to increase pressure on wound and distance from trachea.
